County Busy Getting Tax Notices Ready to Mail

The office of Jones County Tax Assessor-Collector A. J. French was the scene of intense activity this week as finishing touches were being placed on getting out tax notices for the new year.

Mr. French said Monday that it possibly would be Oct. 3 or 4 before all the notices will be ready to be put in the mail. None will be mailed until all are ready, the tax collector said, because office help can not accept tax payments and work on getting out the statements at the same time.

Approximately 15,000 statements have been prepared and they will be placed in about 14,000 envelopes with some taxpayers getting more than one statement.

The county permits a three County ASC percent cash discount for taxes paid in October, two per cent in November and one percent in December. Taxes become delinquent Feb. 1.

Annual McCaulley Hamburger Supper Planned Tonight

There was a time when I could feel safe until November. But the member-owned Midwest Electric Cooperative has changed all that. With food freezers in so many homes, poultry processing plants, electric brooders and all that modern electric wizardry, they are processing turkeys all year long. I'm lucky I've lasted this long. In case I end up in your giblet gravy, just remember this . . . the Midwest Electric Cooperative may be fine for rural people, it may be helping Texas grow and it may be the greatest example of rural people working together to brighten their lives. But it has played havoc with my life expectancy.

County Busy **Getting Tax Notices** Ready to Mail

The office of Jones County Tax Assessor-Collector A. J. French was the scene of intense activity this week as finishing touches were being placed on getting out tax notices for the new year.

Mr. French said Monday that it possibly would be Oct. 3 or 4 before all the notices will be ready to be put in the mail. None will be mailed until all are ready, the tax collector said, because office help can not accept tax payments and work on getting out the statements at the same time. Approximately 15,000 statements have been prepared and

they will be placed in about 14 000 envelopes with some taxpayers getting more than one statement.

The county permits a three percent cash discount for taxes paid in October, two per cent in November and one percent in December. Taxes become delinquent Feb. 1.

Annual McCaulley Hamburger Supper Planned Tonight

The McCaulley Pep Squad will have their annual hamburger supper, tonight (Thursday) outside of the school building in front of the lunch

The hamburgers will be served with potatoes chips, cookies, and Coke or coffee. The entire meal will cost 60 cents per person.

Jones County, Texas, by the Pied Piper Publishing Company

There was a time when I could feel safe until November. But the member-owned Midwest Electric Cooperative has changed all that. With food freezers in so many homes, poultry processing plants, electric brooders and all that modern electric wizardry, they are processing turkeys all year long. I'm lucky I've lasted this long. In case I end up in your giblet gravy, just remember this . . . the Midwest Electric Cooperative may be fine for rural people, it may be helping Texas grow and it may be the greatest example of rural people working together to brighten their lives. But it has played havoc with my life ex-
